HACKER RESIGNS AS SECRETARY

Popular and Efficient Secretary of Commercial Club Hands In Resignation

WILL TAKE UP NEW WORK

The first meeting of the newly-elected Board of Directors of the Paris Commercial Club was held Monday night in the office of the Peoples Deposit Bank & Trust Co., when the organization of the Board was completed and plans for the year's activities were discussed. Edward H. Gorey, the retiring president of the organization, presided at the opening, and later turned over the gavel to the new president, M. Peale Collier.

Mr. Gorey urged the directors to continue the efforts made during the past year toward effecting a solution of the water supply question, which had caused much concern to the general public for several years. Clarence K. Thomas was re-elected treasurer, Bernard J. Samson was elected Director of Organization Affairs, and Lee Price was elected to fill the vacancy on the Board of Directors caused by the resignation of N. Ford Brent.

William E. Hacker, who has served the organization as secretary-manager since October 1, 1920, tendered his resignation, stating that he intended to enter the work of organizing Chambers of Commerce at an early date. The resignation was reluctantly accepted, in view of Mr. Hacker's splendid work for the Club, and a committee composed of Wm. O. Hinton, John F. Davis and Dr. M. H. Dalley was appointed to recommend a secretary to succeed Mr. Hacker.

A plan for a community chest, the carrying out of the soldiers memorial project, incorporation of the organization, the itinerant merchant question, and other matters of importance were discussed.

J. Withers Davis, Wm. O. Hinton and H. M. Collins were appointed a committee to meet with representatives of the Legislature in regard to legislation dealing with the itinerant merchant problem.

The new Board of Directors is composed of M. Peale Collier, J. Withers Davis, Clarence K. Thomas, W. O. Hinton, Dr. M. H. Dalley, E. H. Gorey, Bernard J. Samson, James M. Caldwell, John F. Davis, Catesby W. Spears, W. W. Mitchell, Rudolph Davis and Lee Price.

ANTI-RACE BILL BEING FOUGHT

Congressmen and Newspaper Men Fight Bill Designed to Suppress Information On Races

SENATOR STANLEY SPEAKER

Opposition of newspapers to enactment of proposed anti-gambling legislation which would prohibit publication of racing odds and other data which could be used in betting, was voiced before a Senate judiciary subcommittee at Washington, by S. E. Thomason, general manager of the Chicago Tribune, and a representative committee of the American Newspaper Publishers' Association; Elbert H. Baker, of the Cleveland Plain Dealer; W. F. Wiley, of the Cincinnati Enquirer, and R. R. McCormick, of the Chicago Tribune.

H. N. Pringle, of the National Reform Bureau, and the Rev. William S. Case, of Brooklyn, were among those who spoke in support of the proposed legislation. The legislation is proposed in a rider to the postal bill which has passed the Senate, and in a bill introduced by Senator Thomas Sterling, Republican, of South Dakota.

While not especially authorized by the 550 newspapers comprising his association to speak for them, Mr. Thompson stated that he submitted to practically all the larger newspapers a summarization of his statement, and that all except one supported his position.

Senator A. O. Stanley, Democrat, of Kentucky, introducing the press representatives, asserted that the legislation was designed "not to prevent racing, but to limit the freedom of speech by placing arbitrary restrictions not upon tracks, but upon the press."

He said that "to directly and arbitrarily limit freedom of speech in order to possibly and indirectly reach some local violations of law, such as wagers upon a track, is essentially vicious and indefensible."

The Senator predicted that no enlightened legislative body would enact such restrictions. The States, and not the Federal Government, should regulate the "merits of the people," he said, and characterized as a "legislative itch" the tendency of Congress to regulate all activities of the people. He asserted he abhorred gambling in all forms, but opposed legislation which would place a censorship upon the press.

The proposed legislation, Senator Stanley asserted, if enacted into law, would prohibit the circulation in this country of newspapers issued under the severe and drastic censorship of the autocracies of Europe. He condemned what he termed "half baked legislation," and said that "neither the minds nor the stomachs of a free people are prepared to endure such a bill," adding that he "wished to emphasize its evils in order that this character of legislation may be discouraged."

BURGLARS BUSY AGAIN

After a temporary lull, in which time it is supposed they had been resting up during or after the holidays the festive burglar has resumed his night operations, the store of the Piggly-Wiggly Co., and the W. S. Dale restaurant, in the same vicinity, having been visited the same night.

On Tuesday night burglars effected an entrance to the Piggly-Wiggly store by prizing out two iron bars, and breaking a glass in the rear window. The aperture thus made was very small, but large enough to admit a small person. The burglar knocked the knob of the combination off with a hammer, and forcing the doors of the safe, secured the contents, about \$177 in cash and a number of checks. Their work was done so silently that no one in the vicinity heard a sound and knew nothing of the robbery until next morning. The safe is the same one that was used in the Lexington store of the Piggly-Wiggly, and was blown by yeggmen, after it had been removed from the store. The safe had been repaired and sent to the Paris store. Payment on the stolen checks was promptly stopped. So far as could be ascertained nothing was taken from the stock in the store. The police were notified and are working on the case.

On the same night the restaurant of Wm. S. Dale, a few doors above the Piggly-Wiggly store was visited, possibly by the same parties, but they were frightened away before they had a chance to effect an entrance to the place. Mr. Dale called the police and Sheriff Collier, who conducted an investigation, but could make no progress on account of having no tangible clues to work on.

Give Them Help and Many Paris People Will Be Happier

"Throw Out the Life Line"—Weak kidneys need help.

They're often overworked — they don't get the poison filtered out of the blood.

Will you help them?

Doan's Kidney Pills have brought benefit to thousands of kidney sufferers. Ask your neighbor.

Paris testimony proves their worth.

Mrs. J. T. Mattox, 905 Pleasant street, Paris, says: "Both myself and husband have used Doan's Kidney Pills with very satisfactory results and so far as my own experience goes I can recommend them very highly. At times my back would have a weak and painful feeling through it and I would be quite dizzy by spells. My kidneys didn't act right, either. I began using Doan's Kidney Pills and they soon relieved the trouble, restoring my strength and giving me better health generally."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mattox had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

WEATHER OF ALL KINDS

The beautiful weather of Monday and Tuesday changed to rain Tuesday night, and then snow began falling, followed by clearing and colder weather. Snow flurries and a low temperature featured yesterday's weather. It seems that all the delights of every sort of climate has visited this section in the past few days, but as a rule the winter has been a very mild one so far.

The boys' team of the Paris High School will leave Friday morning for a two-days' trip to Louisville. On Friday night they will play a game with the Manuel Training School team of Louisville. On Saturday night they will cross the river and play a game with the Jeffersonville, Ind., team, and will return home Sunday morning. The girls' team of the P. H. The girls' team has lost but one game this season and they expect to keep up this good record to the end of the season.

A double-header game will be played on the floors of the local Y gymnasium to-morrow (Saturday) night, between the boys and girls teams of the Paris High School and the Millersburg High School.

In the game of basket ball played at Frankfort, Wednesday night, between the teams of the Frankfort Post American Legion, and the Paris Knights of Columbus, the Frankfort aggregation trimmed the Knights by the score of 28 to 16.

PARIS HIGH SCHOOL NOTES

Evening classes in shorthand, typewriting and bookkeeping are proving very successful and interesting and show a great need for evening classes in the City School. The success of these classes is complimentary to the energy and ambition of the young people of Paris, who work during the day at their various positions and spend two hours twice a week taking courses to improve themselves in their work, and to make themselves useful and worth while to their city. If there are any others who desire to enter shorthand, typewriting or bookkeeping classes, they are urged to do so at once as we want to close these classes to beginners in a few days.

The following young people are enrolled at present:

Lucinda Patton, Nannie Bruce Miller, Sallie Rowland, Mrs. Jno. Reffett, Bertie Gifford, Lena Rose, Carrie Rose, Lona McCord, Harriet P. Minaker, Lyda Williams, Audrey D. Case, Grace Haskins, Beulah Quinn, Mary Minogue, Mrs. W. C. Potts, Sarah Meglone, Thomas McClintock, T. E. Waterfield, L. B. Griffin, Eppy Bailey, Emmer Newman, Collins Hall, Robert Hall, Rankin Mastin, Rees Worick, Raymond Conwell, Dr. Stern, Samuel W. Mastin, John T. Port, Clyde Huffman.

The real estate business in this vicinity has been rather dull in the past few weeks, following business adjustments to the new year. Real estate men are looking forward hopefully to a resumption of activity with the advent of settled weather and settled business conditions. Very few sales have been recorded by local men for the past few weeks.

FIRE CHIEF'S ANNUAL REPORT

In the year just closed the property loss in Paris as a result of fires reached a total of \$2,362.05, according to the annual report of Fire Chief Earl McCracken, recently submitted to Mayor E. B. January. Compared to surrounding towns Paris has been extremely fortunate in the matter of fire losses, the buildings destroyed or damaged having been small ones.

In his report Chief McCracken gave a short summary, in which was included the following: Sixty-five runs were made, of which twenty-four were in response to false alarms; forty-one blazes were discovered, resulting in a property loss of \$2,362.05; the property thus menaced is estimated as being valued at \$517,000.

In the past few years Paris has had very few fires of much consequence and the property loss has been inconsiderable. The local department is now in a high state of efficiency, being equipped with the latest fire-fighting apparatus. The personnel is made up of men of good physique, who understand their business thoroughly, and who know what to do when they get to fire-fighting. The people of Paris have good cause for congratulation in having a good fire department for the protection of life and property.

What This Buffalo Physician Has Done For Humanity

The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in alleviating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength-builder is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow if you take this Alternative Extract. Dr. Pierce's Golden Medical Discovery clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. This Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., and receive confidential medical advice without charge. All druggists sell Discovery, tablets or liquid. Send 10c for trial pkg.

CHRISTIAN ENDEAVOR IN DIXIE

The young people throughout the Southern States are doing their part in putting Christian Endeavor on the map. During the Extension Campaign in Dixie there were 2,566 new Christian Endeavor Societies organized, and almost a half million dollars given to Denominational Missions.

During the past year there were 476 new Christian Endeavor Societies reported in Dixie, but because of "war records" not nearly all new societies were reported.

During the past year more than two hundred Dixie Christian Endevors became Life Work Recruits, and many are now in school preparing for their work.

This is truly the day of young people.

BINGHAM TOBACCO BILL PASSED BY LEGISLATURE

The Bingham cooperative market bill was passed by the House of Representatives. The vote was 91 to 0. The marketing act became a law of Kentucky at 1:30 p. m. Tuesday. At that time Governor Morrow signed the bill.

The Governor signed the measure in the presence of Aaron Sapiro, organizer of the Burley Tobacco Growers Co-operative Association; Representative John F. Brown, Shelbyville, who introduced the bill in the House; Senator Newton Bright, of Eminence, who introduced it in the Senate; Representatives Geo. Waggoner, Raymond Button and Rufus Lisle; Virgil Chapman, assistant general counsel for the tobacco growers' organization, and J. Sherman Porter, of Lexington, and a group of newspaper men.

Governor Morrow gave the pen with which he signed the bill to Representative Brown.

BENEFIT TO FARMERS IN OFFICIAL ACTION

Official Washington is much interested and full of confidence in the proposed agricultural conference called for January 23 by Secretary of Agriculture Wallace at the behest of President Harding. The employment conference, called by the President, did an enormous amount of good, and idleness has been largely reduced as a result of the co-operation in industry brought about by the exchange of views and educational influence of the conference.

With fifty-five per cent of the population urban and but forty-five on the farms, it is pointed out that some means must soon be taken looking to an amelioration of the hardships of farm life, and an increase of farm profits, or food products will raise to such prices as will make national legislative measures, always to be objected to when passed in the interests of a special class, a national necessity. That the agricultural conference will produce results, as did the unemployment conference, is confidently expected in Congress.

You are entitled to the benefit of the doubt. Why not take advantage of it?

The law is very careful in protecting the rights of a prisoner charged with a crime.

How about the Law of Common Sense and the man who has committed an error only? Isn't this a good place to use the benefit of the doubt, too?

Take your own case: If you don't know for sure whether tea or coffee is harming you, you do know that many are harmed by the drug element in tea and coffee, and that headaches, nervousness, or high blood pressure are symptoms which often tell that the drug, caffeine, is giving the nervous system too much jolt.

Probably you know, too, that some people can't drink a cup of tea or coffee at bed-time, and sleep well that night.

Where many have been harmed by tea and coffee, and you may be harmed, isn't it well to put the benefit of the doubt on your side before doubt becomes an unpleasant certainty?

There's charm without harm in Postum—a pure cereal beverage, rich in flavor, fully satisfying; the favorite table drink of thousands.

Suppose you try giving yourself this benefit today, and keep up the test for ten days; then judge the results. See if you don't feel better and work better. You can get Postum wherever good food and drink are sold or served.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

KENTUCKY'S THOROUGHbred CONTRIBUTION TO THE NATION

Under the Pari-Mutual System the Kentucky Jockey Club Has Lifted Racing to the Highest Plane—An Example to the Whole Country—\$3,479,675.00 Distributed In Three Years

(From the New York Rider and Driver)

Whenever the thoroughbred is mentioned, Kentucky, the home of Man o' War, and for a hundred years the center of the breeding industry in this country, always comes to mind. It is not possible to conceive of racing in America without the yearly contribution of thoroughbreds from the Bluegrass State. There are great breeding farms in New York, Virginia, California and elsewhere, but the very life blood of the thoroughbred cause pours from Kentucky's ever-flowing fountain. In this favored State, with its fertile fields deep in bluegrass throughout the winter, the horse reaches perfection.

The Rider and Driver does not know of any greater calamity that could happen to the horse industry than for Kentucky to turn against the thoroughbred, and destroy the great breeding industry, which has not only made the State world-famous, but has aided every farmer in America by improving the breed of horses. The War Department has repeatedly gone on record in favor of the thoroughbred, without which the Army would not have suitable remounts. The Remount Service, in charge of United States Army officers, has established breeding farms with thoroughbred stallions at their head, horses that have had their speed, courage and endurance tried in contests on the turf. These great nurseries will provide the type of cavalry horse that the Army needs, and every farmer in this country cannot only aid the cause by sending his mares to thoroughbred studs, but can be assured of reaping a substantial profit, as the War Department is constantly in the market for horses of this character.

Racing in Kentucky under the direction of the Kentucky Jockey Club is not only a credit to the State, but with the pari-mutual system perfect-

ed, it has set an example to the world in point of high class contests, clean racing generous stakes and purses. Under the old order, the meetings were dragged out to an interminable length, in one year one hundred and fifty-five days, and in another year one hundred and seventy-four.

Under the State Racing Commission, created by an Act of the Legislature, the number of days on which racing is permitted has been cut to one hundred and eight. There is strict supervision of all turf matters, with the result that beginning with the Kentucky Derby, with \$50,000 added, which has been run at Churchill Downs for forty-seven years, the quality of racing in Kentucky sets the standard for the whole country.

Formerly turfmen raced for \$400 purses, and the amount distributed yearly ran from \$300,000 to \$600,000. Since the organization of the Kentucky Jockey Club, three years ago, the amount distributed daily in stakes and purses averaged over \$11,500, and the yearly total was as follows:

1919	\$ 997,190.00
1920	1,200,800.00
1921	1,281,935.00

Total \$3,479,675.00

The Kentucky Jockey Club pays over \$270,000 each year into the State Treasury in license fees and pays \$40,000 additional in State, City and County taxes.

With millions of dollars invested in farm lands devote, exclusively to the breeding of thoroughbreds, and other millions invested in horses that have no superior in the world, The Rider and Driver believes that the Kentucky Legislature, made up of level headed farmers and business men, will refuse to destroy this valuable industry which it has heretofore sanctioned and encouraged.

FARMERS OBJECT TO BILL AUTHORIZING MARKETING

Objection to proposed Senate amendments to the bill authorizing co-operative marketing by associations of farmers was voiced by representatives of the farmers at a conference in Washington with several Senators from Western States.

Spokesmen for the farmers said they were satisfied with the measure as passed by the House, but opposed amendments made by the Senate Judiciary Committee, particularly the provision declaring nothing in the bill shall be deemed to authorize the creation of a monopoly to exempt any association authorized by the bill from the operations of the Federal trade commission act.

Further conferences will be held next week in the hope that an agreement may be reached.

CRAMPS, PAINS AND BACKACHE

St. Louis Woman Relieved by Lydia E. Pinkham's Vegetable Compound

St. Louis, Mo.—"I was bothered with cramps and pains every month and had backache and had to go to bed as I could not work. My mother and my whole family always took Lydia E. Pinkham's Vegetable Compound for such troubles and they induced me to try it and it has helped me very much. I don't have cramps any more, and I can do my housework all through the month. I recommend your Vegetable Compound to my friends for female troubles."—Mrs. DELLA SCHOLZ, 1412 Salisbury Street, St. Louis, Mo.

Just think for a moment. Lydia E. Pinkham's Vegetable Compound has been in use for nearly fifty years. It is prepared from medicinal plants, by the utmost pharmaceutical skill, and superior methods. The ingredients thus combined in the Compound correct the conditions which cause such annoying symptoms as had been troubling Mrs. Scholz. The Vegetable Compound exercises a restorative influence of the most desirable character, correcting the trouble in a gentle, but efficient manner. This is noted by the disappearance, one after another, of the disagreeable symptoms.

MRS. ANNA E. HUGHES
Chicago, Ill.

Mrs. Anna E. Hughes, 22 West Elm street, Chicago, an artist who enjoys a wide and enviable reputation for skill in china painting, in relating the facts of her remarkable experience with Tanlac, says:

"I haven't enjoyed such good health or felt so well in every way in years as I do now. Before I took Tanlac I was so run down that half an hour at my work would tire me completely out and I was actually so nervous and weak that at times the brush would fall from my hands and I would have to quit work for the rest of the day. Every night I would lie awake for hours, miserable and nervous.

"My improvement after the first few doses of Tanlac was rapid and constant. I'm happy to say I'm well and strong now and feel better than in twenty years. Tanlac deserves every word of praise I can give it."

Tanlac is sold in Paris at the People's Pharmacy and all leading drug stores. (adv)
